REVIEW BY THE GOVERNOR, NORTH-WEST FRONTIER PROVINCE, ON THE ANNUAL POLICE ADMINISTRATION REPORT FOR THE YEAR, 1953.

G 9 (2)

1. The year under report has been a year of crisis in our country. The crisis was broadly distinguished by two features—the economic crisis and the socio-political crisis. The former hit the Province badly, the latter only singed our fringes. The year's record of crime in the Province is, therefore, a reflex of such prevalent conditions which on the one hand caused a rise in reported cognizable crime (under Class I-V) and on the other hand was responsible for great strain on the available resources of the Police in coping with the politico-religious agitations that mainly centred in the Hazara District. It is, however, gratifying to note that the Police acquitted themselves of their responsibility in meeting the situation created by the above forces with great success and credit. It is noteworthy that the number of dacoities during 1953 were the lowest on record, numbering only 12. The noticeable increase was in robberies; 115 in 1953 against 91 in the previous year, house-breaking 932 against 868 last year, and thefts numbered 1581 against 1158 of the previous year. When there is hunger abroad, theft is rife. The wonder is not that there was an increase in such crime, but that crimes remained under control in unparalleled circumstances when human beings lived on boiled grass and green leaves. In all 6976 cases of crime classified I-V under the Pakistan Penal Code were reported to the Police in 1953 as aganist 5888 in 1952. The figures of crime under this head, though higher than in 1952, remain well below the average for the last 10 years.

2. The number of murders and attempts at murder for the year touched 653 and 876 respectively as against 605 and 770 for 1952. This is lower than the average for the last 10 years which is 750 and 1013, respectively. Murders still baffle society. It is that complex crime which has its roots in original human ancestry. Murder was created with man and it found its nourishment during the subsequent millennia in the fertile beds of human passions springing from diverse elements—women—land —jealousy—ambition, and other foolish whims. Society's attempt at eradicating murder have met with varying success in various regions. Where the primitive law of private revenge has been replaced by society with so-called humane and lukewarm measures permitting possibility of escape to the murderer from receiving due punishment —which can only be hanging—murders have continued to be a menace to the peace of Society. The number of persons convicted of murder during the year was 450 against the yearly average of 310 for the last 10 years. Out of these, 15 persons were hanged. The number of convictions secured in murder cases during the year under report has been greater than any year in the past except the preceding year. This year, out of 290 cases, 254 cases under Section 302 Pakistan Penal Code were referred to Jirga, as compared with 226 murder cases of the previous year. Out of these, 168 ended in convictions as against 149 in the preceding year, giving a percentage of 57.93 against 63.40. It is apparent that the need for the continued application of the Frontier Crimes Regulation, particularly in murder cases in which it is applied, persists, though under the F. C. R. the murderer does not receive adequate punishment, which can only be hanging. Its application—and the scope that it provides for extensive enquiries on the spot—ensures that murderers do not get scot free. Our society is only gradually progressing towards a state where it will come out openly to assist the arm of law against an individual murderer and the extent to which such progress materialises, recourse to the application of Frontier Crimes Regulation will be lessened.

3. Under the Local and Special Laws 2653 cases were sent for trial as against 2311 in the previous year, out of which 2524 ended in conviction as compared with 2150 in 1952. False cases numbered 532, out of which 369 were taken up for prosecution and conviction was obtained in 165 cases. The number of false cases still continue to be large and this can only be reduced if deterrent punishments are awarded to those who were responsible for lodging such false cases. It is also desirable that in appropriate cases compensation is paid to the falsely charged persons according to the provisions of law. A total of 3878 cases (under Class I-V) were disposed of by the Magistrates as against 3993 during the previous year. Out of these 2129 cases were disposed of in more than one month. It is thus apparent that both the speed and

rate of disposal of criminal cases in courts needs to be acclerated and the Provincial Government sincerely wishes that this is done.

4. During the year, 11314 cases were challaned for violation of Motor Vehicles Act, as against 10,098 in 1952. The fines recovered total Rs. 1,03,578 as against Rs. 1,02,332 during 1952. The number of pending traffic cases (3261) at the end of the year continues to be high, whereas the fine imposed shows an attitude of leniency on the part of the Magistrates.

5. As a result of traffic accidents during the year, 71 persons were killed and 213 were injured. The Provincial Government notes with regret that no compensation under third party insurance was given to any person by the insurance Companies, partly on account of ignorance of the public and partly due to a disregard of their obligations by the Companies.

6. The control of the Additional Police continues to be vested in the District Superintendents of Police. Apart from the "additional" duties which this Force performs—protection of vital installations, roads and other duties in the newly merged areas—their contribution in assisting the District Police in the matter of detection and prevention of crime is substantial. This is appreciated by the Provincial Government and in view thereof suitable men from the Additional Police have been absorbed in the regular Police. In particular the Sind detachment of the Additional Police are to be congratulated on the good name they have earned in an outside Province, though they had to work under difficult conditions and had to put up with poor accommodation facilities.

7. The Police Training School at Hangu continued to function successfully under the able supervision of Principal's Khushdil Khan and Pir Sarwar Shah successively during the year. Out of a total of 432 recruits, 370 were passed as trained. Besides, other special courses were also held. His Excellency the Governor, North-West Frontier Province, and the Hon'ble Ministers visited the school for the Passing-Out Parade in March, 1953.

8. The Wireless Section remained under the control of Major M. Aslam Chaudhari of the Pakistan Signals. Its work has been very satisfactory in spite of lack of equipment and old apparatus. The re-oraganization of Wireless Stations at Peshawar, Dera Ismail Khan, Abbottabad, Batagram, and the opening of new links with the Punjab, proved of great service to the Force as well as to other Civil Departments. This proved of particular use in the administration of the newly merged areas of Gadun and Batagram where there are no telegraph lines.

9. The opening up of a new police station/Post at Dewal and Gajai in the Gadun area have extended the activities of the Police. The Provincial Government records its appreciation of the good work done by the Police under difficult conditions and in the difficult areas of the newly created Posts of the merged area of the Mardan and Hazara Districts.

10. The Government appreciates also the large number of miscellaneous duties which the Police performed in addition to their primary responsibility of maintaining peace. Such work entailed the serving of processes numbering 143,121, apprehension of 492 military deserters, 180 magisterial enquiries, verification of 8,854 rolls, and protection of V. I. Ps. on their extensive and varied tours. Besides the Police also extended a helping hand in the distribution of foodgrains to the public during the food crisis in the middle of this year.

11. Cash rewards to the members of the Police Force in 1953 totalled Rs. 20,470. The Provincial Government wishes to congratulate those officers and men who received these rewards.

12. The Provincial Government notes with great satisfaction that inspite of the exceptional circumstances prevailing in the Province during this year the North-West Frontier Province Police have been able to maintain an effective control over crime in the Province through their ceaseless efforts and vigilant surveillance. They performed the miracle of keeping the hungry away from mischief through their rod of authority, while the same rod was later turned into one of kindess when it kept them in proper queues to receive their rations at the

crowded depots. Night travel is and continues to be a normal affair—not only in the Hazara District but also in the thickly infested "Jungles" of Peshawar and Mardan sugarcane areas. The credit for all this goes in full measure to the Police, to all the officers and other ranks both in the regular and in the Additional Police. The Provincial Government wishes to record its deep appreciation of this fact. The Provincial Government thanks Mr. A. B. Awan, P. S. P., Inspector-General of Police, who has very admirably maintained the same high standard of efficiency which was set by his predecessors. It also records its appreciation of the great assistance which the Chief of Police receives from his Deputy, Nawazbzada Muhammad Farid Khan, and who has in no less a measure contributed to the high standard that the Police of this Province has achieved. The Provincial Government is proud of its Police Force which is a great source of confidence and strength.

more prosperous areas in the riverain tract. In the Hazara District, many cases came to notice in which human beings lived on boiling dried fruit, grass and even leaves for food. Under circumstances of this kind, when the struggle for existence consists mainly of keeping the human body alive, we should be thankful to God that crime figures stayed so very steady. It is customary to suggest that literacy and co-operation of the public etc., have a direct bearing on the state of crime. There is a degree of truth in this statement but there are other factors also in the administration of law which must attract attention. The biggest single category of crime which attracts attention is murder and for a cold blooded proved case of murder, the punishment prescribed by law is death. A perusal of the body of this report will show that against the 623 persons killed in 597 cases of murder, 450 were convicted. From amongst these 450 convicted persons, only 15 were executed. Thus one murderer out of every 30 was awarded the punishment he deserved. Where revenge is left to private enterprise and the law is an eye for an eye and a tooth for a tooth, we can safely hazard a guess that human life will not be taken for the ridiculously flimsy excuses for which blood is shed now in this Province. This, however, is strictly beyond the jurisdiction of mere investigators of crime and is more in the domain of the law givers and those who dispense it in courts.

(d) There is an appreciable decrease in dacoities, as only twelve cases were reported in 1953 against 23 in 1952. This is the lowest figure in the history of this Province.

4. True Serious Cases.—

The following statement shows by districts the number of true cases under more important heads for 1953 and 1952 and the quinquennial average for

the period 1947-51. The Provincial totals are also indicated below :—

	1947-51	891	853	120	231	1322	1484	123	253	70

From the above table it will be seen that there is a noticeable decrease in the figures of true cases of Murders, Attempts at Murder and Culpable Homicide, Dacoities, House-breaking and Cattle Theft, as compared with the figures of the previous year. The figures relating to Robbery, Ordinary Theft and Rioting have, however, risen by 12,222 and 7 respectively over the previous years figures, yet on the whole the figures under all these heads are far below the quinquennial average of the preceding years.

5. Murders.—

ANNUAL POLICE ADMINISTRATION REPORT FOR THE YEAR, 1953.

1. Charge—

The charge of the office of the Inspector-General of Police was held by Mr. A. Rashid, O. B. E., P. S. P., from 1st January, 1953 to 22nd April, 1953 and by Mr. A. B. Awan, P. S. P., from 23rd April, 1953 to 31st December, 1953.

The office of the Deputy Inspector-General of Police was held by Mr. A. B. Awan, P. S. P., from 1st January, 1953 to 22nd April, 1953 and by Nawabzada Muhammad Farid Khan, P. S. P., from 12th June, 1953 to 31st December, 1953. During the intervening period the former held charge of dual duties.

2. General Survey of Crime—

In the year under review, reported cognizable crime (Class I to V only) has shown an increase over the figures of the previous year. This increase is noticeable in almost all the important heads of crime, *i. e.*, murders, attempts at murders, culpable homicide, robberies, house-breaking and thefts including cattle thefts. Dacoities have, however, gone down still further hitting a new low record. This alone amply proves that our Province has been kept free from the depredations of raiding gangs and dacoits. It should be mentioned here that the figures of reported cognizable crime in 1952 were the lowest during the last ten years and if an average is taken of reported cognizable crime, the figures of the year under review are well below this average. This can be seen from the statement given below :—

Year	Murders	Attempts at murder and culpable homicide	Dacoities	Robberies	House breaking	Thefts including cattles thefts	Total crime reported under P.P.C. Class I-V
1943 ..	639	857	89	295	1,392	2,376	8,457
1944 ..	595	843	67	222	1,317	2,321	8,022

10 years average.—1943-1952.	750	1013	89	261	1368	1,991	8,146

This by itself shows that the overall situation was quite satisfactory.

It is impossible to lay down any well defined reasons for small fluctuations in crime figures from year to year; these figures are, in fact, quite unpredictable. But there are some important factors which have been disturbing the minds of the public and which have a direct bearing on the figures of crime. The most important of these has been the gradual decrease, from year to year, in the purchasing power of the man in the street and a resultant increase in the cost of living. On top of this came the crushing calamity of failure of crops and before the arrival of the American wheat, many instances had come to notice of large sections of the populat'on living on sub-normal diet. Many others, particularly in the Daman area of the Dera Ismail Khan District, migrated enmasse to the slightly

The number of conviction secured in murder cases during the year under report has been greater than any year in the past decade except the preceding year.

6. Offences under the Local and Special Laws.—

Offences under the Local and Special Laws dealt with by the Police during the year under report number 2,698, as compared with 2,352 in 1952. 2,653 cases were sent for trial against 2,311 in the previous year, out of which 2,524 ended in conviction, as compared with 2,150 in 1952. The percentage of cases convicted to cases sent for trial was 95.14 in 1953, as aginst 93.03 in 1952, showing a slight improvement.

7. Cancelled Cases.—

The number of cases cancelled and the percentage of cases cancelled to cases reported under Classes I to V and VI is indicated below by Districts. The Provincial totals are also given :—

District	Class I to V			Class VI		
	Cases reported	Cases cancelled	Percentage	Cases reported	Cases cancelled	Percentage

The number of cases cancelled includes cases excluded as false or due to mistakes of law or facts.

8. False cases—

The following table shows the prosecutions launched in respect of ialse cases

District	Year	Total number of of cases declared: false (A)	Number of fals casese in which prosecution was ordered (B)	Number of cases convicted (C)	Number of persons convicted in such cases (D)	Compensation awarded under Section 250 P. P. Code (E)

Total ..	1952 ..	494	267	138	153	..
	1953	532	369	165	172	..

From the above statistics and from those given in the preceding paragraph it is clear that one case in fifteen of all reported crime was cancelled and a large number of these cases were so cancelled because they were inherently false. In 1953, 69.36 of the reporters in false cases were prosecuted, as compared with 54.04 of the preceding year. The large number of false cases shows that the Magistrates still attach little importance to such cases. A reduction in the number of such cases can only be achieved when Magistrates give deterrent sentences of imprisonment instead of ridiculously small amounts of fine.

It is noteworthy that with the exception of the Hazara, Mardan, and Bannu Districts no Magistrate thought it fit to order any compensation to be paid to falsely charged persons.

9. Police Cases decided by Trial.—

(a) Out of a total of 18,951 cases sent for trial in 1953 under Classes I to VI, 15,523 cases ended in conviction, as compared with 15,307 cases, out of 19,197 in 1952. The percentage of cases convicted to cases tried was 82 in 1953 against 79.74 in 1952. The percentage of convicted cases under Classes I to V works out at 54.03, as against 54.79 in the preceding year.

(b) Details of percentage of convictions obtained by the Police under the important heads of crime are :—

	1952	1953
(1) Murders, Homicides and Attempts at Murder ..	53.29	51.13
(2) Dacoities ..	40.90	53.33
(3) Robberies	51.42	36.11
(4) House-breaking with an intent to commit offences..	49.61	59.76
(5) Theft including Cattle theft ..	77.41	76.22
(6) Receiving stolen property ..	89.30	88.88

The percentage of convictions obtained by the Police in cases falling under Dacoities and House-breaking with an intent to commit offences is appreciably higher than in the year 1952.

(c) The following statement shows the percentage of cases sent to court by the Districts and for the whole Province over the last four years under Classes I to VI :—

15. Interesting Cases.—

Brief details of some of the more important or interesting cases reported in 1953 are given below ;—

PESHAWAR.

(a) Pensioner Sub-Inspector Mian Fazal-i-Akbar was shot and killed by his Mohmand tenant whilst the two were attending the Revenue Extra Assistant Commissioner's Court Charsadda, in connection with a civil suit. The Extra Assistant Commissioner seized the murderer and over-powered him with the help of his Moharrir and the Head Constable incharge of the Tehsil Guard. He was convicted and sentenced to death and was executed in August, 1953. This offence was committed in pursuance of the enmity caused by two cross-cases of murder which occurred in September, 1951, in Tangi area in one of which the accused's father was killed at the hands of a son of Mian Fazal-i-Akbar. Since this murder, the relatives of the Mian have killed another Mohmand and wounded two others. All these cases are still sub-judice.

(b) The notorious Akbar-i-Azam (grand-son of Haji Akram of Khanmahi) sent for a tenant and demanded the payment of a sum of Rs. 2,000 on behalf of his father. As the tenant could not pay the money out of hand, he sent him home with three servants with instructions to bring the money or else ransack the house! A fight occured in the tenant's house in which he and a servant of Akbar-i-Azam were killed. Akbar--i-Azam and his two serviving servants, who took part in the fight, were arrested and after a jirga trial were sentenced to 14 year's R. I. each.

Whilst Akbar-i-Azam was serving this sentence in the Dera Ismail Khan Jail, his relatives made an application for his transfer to Peshawar which was sanctioned. Accordingly he left Dera Ismail Khan escorted by two Police Constables on 8th October, 1953. At Darya Khan one of the two Constables was *paid some money* and he left for his home in village Bakar leaving the other Constable to accompany the prisoner. On arrival at Nowshera the prisoner persuaded this Constable to allow him to go to Peshawar, via Charsadda, in order to enable him to see his ailing father. The Constable agreed and the two then walked to Nowshera Cantonments where the prisoner hired a Taxi and went to Charsadda via the Kheski Road. On arrival at Utmanzai the prisoner armed himself and accompanied by three servants he got into the Taxi and instead of coming to Peshawar left towards Takht Bai. On the way he met his cousins and with their help managed to slip away to Swat in the car belonging to one of them. The Constable was shot and killed by one of the servants under the orders of Akbar-i-Azam and a cousin a short distance from the State boundary in the Mardan District. The prisoner was ultimately arrested by the Wali of Swat and handed over to the Peshawar Police by the Political Agent, Malakand. Akbar-i-Azam and six of his relatives, together with three servants, are being tried under Sections 302/224/225 365 P. P. C. and the case against them has since been committed to the Court of Sessions.

(c) Mr. Kamal Sher, a Journalist of the Information Department, was fatally stabbed by an employee of the same department whilst the two were sitting in front of the deceased's house. The accused, who was later arrested, confessed his guilt and claimed grave and sudden provocation caused by some very indecent remarks made by the deceased in respect of the accused's newly-wedded wife. The case is still sub-judice.

(d) A fight between the residents of Spersang and the Mullagoris living across the Border resulted in the death of four Spersangis and injuries to another. This fight was the result of a boundary dispute between the parties which has existed from the immemorials. This case is being tried by a Joint Jirga and the District Magistrate and the Political Agent, Khyber are making efforts to settle the dispute.

(e) This case was registered when a trap laid for the arrest of a robber, who had deprived a villager of his cycle and other articles on Dauran Road on the 29th November, 1953, succeeded. The trap consisted of a Constable in plain clothes, cycling alone, followed at some distance by an armed patrol. The accused armed with a revolver emerged from a field and ordered the cyclist to stop. The latter dropped the cycle, took cover behind a tree and blew the whistle at which the accused fired two

shots at him but he was luckily not hurt. The Police patrol then rushed forward and arrested the accused, who, on being ineffectively fired at, dropped the revolver and surrendered. At the time of his arrest he was wearing the coat which he had removed from the villager and the revolver contained two empties and three live rounds in it. It is interesting to note that the accused, who is an Afridi of Kohat Pass, was a Sepoy of 4/15 F. F. Rifles and was on leave. The case is pending in court.

MARDAN.

(a) In this case a villager killed his wife, who used to visit her father's house without her husband's permission, and buried her body in a field. Her father succeeded in recovering the dead body after a strenuous search which lasted for several days. The accused on being arrested by the Police confessed his guilt and produced the knife with which he had killed his wife, the spade with which he had dug the ground and a blood stained pyjama of the deceased. He was challaned to court and sentenced to transportation for life.

(b) The deceased brought a bundle of grass to his house and the father of the deceased reprimanded him for bringing such a small one. The deceased pleaded his inability to lift a heavier bundle. The father got enraged and ordered his son to leave the house but he refused to do so unless his share in the property was given to him. The father lost his temper, took, out his shot gun and fired at his son. He then made good his escape and absconded. The boy succumbed to his injuries after making a dying declaration. The accused surrendered after a few days and was sentenced to transportation for life by the Court of Sessions.

(c) This is a most horrible murder which took place over a trifle. Mst. Rohan Bibi washed a shirt of her husband, not knowing that there was a 10 rupees currency note in the pocket of the shirt. Her husband beat her with a stick and then stabbed her with a knife. Neighbours dispossessed him of his knife and rescued Mst. Rohan Bibi who herself repaired to the Police station and lodged report of the occurrence. She gave a dying declaration but soon after succumbed to her injuries in the Hospital. The accused confessed his guilt and was tried in a Court of law. He was sentenced to transportation for life by the Court of Sessions.

(d) This is a very cold-blooded murder. Ali Shah Shop-keeper was asked by Mira Khan accused to sell some powdered colour to him but as this was not available in the shop, it could not be supplied. The accused came to grips with the shop-keeper and after stabbing him with a clasp knife in the presence of 2 witnesses bolted away. Assistant Sub-Inspector Mir Hassan Khan, who was in the village heard of the occurrence and came to the spot. He recorded the dying declaration of Ali Shah and sent him to the Hospital but he succumbed to his injuries on the way. The Assistant Sub-Inspector gave a hot chase to the accused and arrested him 2 miles away from village Maneri Payan. Blood stains were seen on his clothes and on search of his person a blood stained knife was also recovered from him. He was challaned to Court and was sentenced to transportation for life by the Court of Sessions.

(e) Hamesh Khan, brother of the accused was missing since many months and a rumour was afloat that he was in liason with the sister of Ghulam Haider. Therefore the accused suspected Ghulam Haider for having done away with his brother Hamesh Khan. On the day of occurrence when Ghulam Haider was purchasing vegetables from a shop-keeper, the accused suddenly stabbed him with a knife on his back and then in his abdomen. He ran away from the spot but was given a hot chase by P. Ws. Muhammad Khan and Gul Zaman. He entered the police station followed by the 2 P. Ws. and handed himself over to the Police. He was tried in a Court of law and was ordered by the Court of Sessions to be hanged.

(f) It is a very daring case of murder which took place in a broad day light. Mian Saeed (deceased) had illicit intimacy with the wife of Baz Muhammad accused. On the nineth of August 1952 Mian Saeed informed Police Saddar of the danger which he apprehended from Baz Muhammad. Action under Sections 107/151 Cr. P. C. was taken against the parties but they compromised in Court. On the day of occurrence P. Ws. Sher Bahadur and Abdul Ghani were sitting on the Charpaies by the side of the road near village Manga, when Baz Muhammad accused armed with a revolver and shot gun of his Master Sher Bahadur suddenly fired 2 shots at point blank range at Muhammad Saeed and absconded. Mian Saeed died instanta-

neously at the spot. 4 days after the accused surrendered himself to the Police and confessed his guilt before the Magistrate. The accused was challaned to Court and was sentenced to transportation for life by the Court of Sessions.

(g) This is a very atrocious murder which took place on 3rd January 1953 in village Oria in the jirusiciction of P. S. Rustam. On the day of occurrence at Pesheen time Said Nawab accused along with his companions Said Ghafar and Mianzada accused came to the house of Qalam (deceased) and demanded from him Rs. 8 which was an outstanding amount of land revenue against him, but Qalam would not agree to it. An altercation ensued and they came to grips with Qalam. Said Ghaffar and Mian Zada caught the accused by his hands and Said Nawab inflicted blows on him with a dagger. He raised an alarm for help which attracted to the spot his wife Mussammat Gojara and his daughter Mussammat Gul Zarina. His daugher Gul Zarina intervened to save her father but Syed Nawab wounded her on her hand with a dagger. Syed Nawab absconded immediately but surrendered to the Police 5 days after the occurrence. In his statement before the Magistrate Syed Nawab admitted the altercation between the deceased and himself. The accused were tried and Syed Nawab was sentenced to transportation for life while others were acquitted by the Court of Sessions.

(h) Usman Ghani and Abdul Ghani the 2 accused who are brothers used to steal crops from the lands of their Cousin Niamat Khan deceased. About 20 days before the day of occurrence, Niamat Khan stole a pair of shorts of Usman Ghani, who in retaliation took away old clothes of Niamat Khan from the Arhat and threw them in a well of Rehmet Sher. Three days prior to the occurrence Niamat Khan demanded his old clothes from Usman Ghani and also threatened to report against him to the Police in case his clothes were not returned. On the day of occurrence the two accused brothers met Niamat Khan on the way and attacked him. Abdul Ghani caught him while Usman Ghani stabbed him with a dagger. Niamat Khan died instantaneously at the spot and the two accused fled away. During the scuffle Usman Ghani had also received injuries on his person. The shorts of Usman Ghani were recovered from the room of Niamat Khan and the clothes were recovered from the well of Rehmat Sher by the Investigating Officer. Abdul Ghani was sentenced to transporation for life by the Court of Sessions.

(i) A burglary was committed in one of the shops in Hoti Bazar on the night between 5/6th June 1953 anc Rs. 2,730 were removed from the cash box. On visiting the scene of occurrence, the S. H. O. saw that the lock of the shop was intact and the doors betrayed no signs of force having been used. He examineed the back wall of the shop and found a hole in it with a piece of cloth hanging from this hole. This hole was at a height of 12 feet 5 inches from the floor. Inside the shop just opposite the hole near the ceiling was an electric dynamo fixed to three wooden beams and to one of these beams the piece of cloth hanging outside was also fastened. Just below this hole a few boxes mounted on one another rose to a height of 5 feet from the floor and on the top of this pyramid of boxes a few bottles containing liquid were also placed. The Investigating Officer concluded that the hole was in no way used by the culprits and that these circumstances were fabricated. The complainants shop was divided into 3 portions each separated from the other with wooden shelves. In one of the divisions the Investigating Officer saw some marks. He saw a small piece of a fibre sticking to a nail protruding in the centre. This fibre conformed in all respects to the cloth hanging outside through the hole. Following the crawling marks it was further discovered that the adjacent shop also had a ceiling gap of the same kind and that the 2 gaps were divided by wooden planks. One of the planks of this partition was broken and there were crawling marks in the ceiling gap of the adjacent shop too. A fresh foot mark was also noticed on a stool in the same adjacent shop. This foot print was later on found by the Expert to tally with that of the accused. This showed that the accused after opening his own shop in the normal way, broke into the complainant's shop, through the route located by the Investigating Officer and hung the cloth through the hole only to misguide the Investigating Officer. With this circumstantial evidence the accused was arrested and challaned. The case against him is still pending in Court.

HAZARA.

(a) The house of Zaman Beg of village Chhoi was forcibly entered into by about 8/10 Offenders on the night of 25/26th August, 1953. The inmates raised an alarm, on which Ali Khadam, a cousin of Zaman Beg with his mother sleeping in the fields nearby, rushed to the house. Zaman Beg and Ali Khadam gave a fight

to the intruders with lathis and stones and succeeded in killing two of them. Meanwhile the villagers were also attracted to the spot and the offenders seeing the danger to which they were exposed, took to their heels, taking away cash and various articles worth Rs. 900. The two culprits left dead on the spot were identified to be bad characters from the jurisdiction of police station Kot Najibullah. The entire gang was traced and arrested. They are on trial in the court.

(b) Karam Khan of Nawansher after selling his immoveable property shifted to a hamlet known as Narian and wanted to sell his house as well, in which his wife and young son were living. This was resented by the son who on getting an opportunity slaughtered his father in the fields and reported that his father had been murdered by some unknown persons. During the investigation he confessed having killed his father. The case is pending in the court.

(c) On the night of 21st/22nd October, 1953 a sum of Rs. 600 was stolen from a cash-box deposited in the Quarter-guard of the Mountain Regiment No. 1, R. P. A., Kakul and Sepoys Suleman and Nur Muhammad who were on guard duty were suspected of having committed the theft. They were confined to the Quarter guard and later during the interrogation, were beaten in order to extort confession from them. As a result of the beating, Suleman died and Nur Muhammad sustained injuries, for which he was admitted into the Hospital. The unit did not report the occurrence to the Police until 31st October 1953 when the Superintendent of Police getting the information through his own sources, contacted the Officer Commanding and took up the investigation of the case. The case is pending trial by Court-martial.

(d) Mussammat Ansar Bi, wife of Muhammad Aslam of Khaman, slaughtered her two sons aged 4 years and 7 months on the night of 23/24th November 1953 and raised an alarm early in the morning that some unknown culprits had killed her sons. During the investigation she made a confession that forced by destitution she had herself committed that dastardly act. Her younger son, she added, was also ill for whom she could manage neither milk nor necessary medicine and she had spent all what was left behind by her husband who was away to Karachi in search of livelihood. From further investigation it transpired that she had written several letters to her husband demanding money from him. The replies by the husband to four of them revealed that the husband had been sending whatever he could manage through his cousin Suleman advising her to carry on with it, for he could not manage more. On a check up it was further found that the husband had sent her a sum of Rs. 100 by three money orders through his cousin Suleman a local shopkeeper, who, instead of handing over the amount to the wife had retained it himself in lieu of the purchases she had made from his shop during the period. The last amount of Rs. 50 was received by Suleman by Money Order on 17th November, 1953 but as usual he retained it, paying nothing to the wife. Her house search revealed that she possessed about 3½ maunds of maize at the time of occurrence and the usual, number of silver ornaments and clothes generally possessed by an ordinary villager. The fact is that though she was not practically destitute and had been amply provided for by her husband, yet she was not satisfied with the arrangement made by her husband through Suleman resenting which she slaughtered her two minor sons. The case against her is pending in the court.

(e) The Senior Sub-Judge, Hazara in the course of checking of his record found that Mir Zaman, the retired District Civil Nazir of his office had embezzled a considerable amount of money which he had received from time to time from the litigants for depositing into the Treasury during his posting from 1942 to 1953. He reported the matter to the Police on which a case was registered. The investigation made so far has revealed that Mir Zaman accused has embezzled nearly a sum of Rs. 1,00,000. The case is still under investigation.

KOHAT.

(a) On the evening of 10th November, 1953 a section of the Additional Police headed by Head Constable Habib Shah while returning from patrol duty noticed some armed parson on Kohat-Khushalgarh road about 1/2 mile from Additional Police lines Kohat. The Additional Police party challenged them which led to an exchange of shots during which the offenders took to flight. The Head Constable and his party chased them and succeeded in arresting two of them. The culprits were in possession of seven rifles, one revolver and some live round., all without a license. They were challaned to the court and sentenced to 2 years R. I. each. The unlicensed arms were confiscated.

(b) Abdul Shah Jehan, a store keeper at Karak, used to get wheat quotas from the main godown at Kohat. With him Sultan Muhammad Shah served as a chowkidar. On receipt of complaints against the storekeeper the D. S. O., Kohat checked his stock and as there was a shortage in wheat he reported the matter to the Police. A case under Section 409 P. P. C. was registered. 20. Village responsibility and assistance from the public—

Co-operation of the public, or lack of it, is a subject on which all Superintendents of Police have commented in great detail but a regard for brevity does not permit of full reproduction of their comments. No law can be effectively enforced to its maximum advantage unless the machinery intended for its enforcement is backed and actively helped by large sections of the public. It is also aximotic that when the law is being administered against an individual, he thinks it is being administered too harshly and when it is being administered in his favour, he thinks it is being administered too leniently. With these handicaps, it is pathetic to see that the idea of crime as a wrong against the community hardly exists in the minds of the public. As a matter of fact, it is the other way round. It is common knowledge now that as soon as an offence is committed against the law a machinery is set in motion by the accused, their friends and relatives, their legal and illegal advisers and even people remotely connected with the incident, in one form or another, to defeat the heavy and cumbersome machinery of law and people rush in from all sides to see that the law does not succeed. It is pathetic to see how witnesses are tutored by educated persons. In short, the public at large is not only non--coperative but may be actually hostile and it is a miracle that the machinery of law is holding out against such adversity.

21. Fugitives from Justice.—

The number of the various categories of fugitives from justice at the beginning of the year 1953 was 1807 to which 421 were added during the year under report, 118 arrested and 173 removed. The balance at the end of the year was 1937.

Appendix "B" shows the detailed position by districts and for the whole Province.

(b) The Police investigated 180 cases sent to them by the Magistrates for enquiry, against 184 in the previous year.

(c) The Police enquired into 40 cases of suicide, as compared with 57 cases in 1952.

(d) 214 accidental deaths were investigated by the Police during the year under report, as against 270 in the preceding year.

(e) 492 Military deserters were apprehended during the year, as against 491 in the previous year.

(f) Above all was the responsibility for protection of V. I. Ps. which had to be accepted on numerous occasions. It is a matter of great satisfaction that no untoward incident occurred during the performance of such onerous and delicate duties.

The following statement shows the number of verification Rolls of applicants for Government service received by the Police during the year under report and the preceding year :—

Persons warned or discharged/Acquitted	..	711	1,198

The total number of pending cases at the end of the year was 3,261. This is most unsatisfactory in view of the fact that four Special Traffic Magistrates are now employed in the Province for these cases.

2. A comparison of the traffic cases reported during the last year and the year under report shows an increase of 1,204 cases. This shows that both the District Police and the Mobile Staff have taken a keen interest in this part of their work. There has been an increase in Malaria cases during the year under review. The percentage of Malaria cases in 1953 was 2.8 as against 2 in the previous year.

(f) *Musketry*.—
60 men fired the annual musketry course during the year under report, as against nil in the previous year. Three qualified as marksmen.

Owing to restricted supply of ammunition, revolver course was not fired during the year under review.

28. Railway Police.—

(a) Pir Nasir -ud-Din Shah, Deputy Superintendent of Police, held charge of the Government Railway Police, North-West Frontier Province, throughout the year 1953.

Statement a and AA Part I—cognizable cases reported to the Government Railway Police.——

(b) The total number of cognizable cases reported to the Government Railway Police, North-West Frontier Province, under Classes I to V during the year under report and in the preceding year was as under :—

1952	..	68
1953	..	83

(c) The total number of cognizable crime reported to the Railway Police under Classes I to VI during the year under review and the preceding year was as follows :—

1952	..	185
1953	..	231

(d) The total number of true cognizable offences of all kinds dealt with by the Government Railway Police in 1953 was 192, as compared with 213 in 1952. There was an increase of 15 cases under Classes I to V and a further increase of 46 cases under Classes I to VI. The increase of offences under the Local and Special Laws is mainly due to the enhanced activities and vigilance of the Government Railway Police and reflects credit on their work, while the increase in cases under Classes I to V is mainly due to the fact that several cases were registered at the Government Railway Police station, City Peshawar being the terminus police station in which the offences actually took place beyond the jurisdiction of the North-West Frontier Province. Some of the interesting cases are mentioned below :—

(1) Acting on information that one Lal Khan of Charsadda will smuggle Charas towards Hyderabad (Sind) in crates full of peas from Railway Station, Peshawar Cantt. and will himself entrain from Railway Station, Pabbi. Sub-Inspector Qazi Ahmad Gul, S. H. O. incharge of Railway Police Station, Peshawar City proceeded to Railway Station, Peshawar Cantonment and found 8 crates of peas booked to Hyderabad lying in the brake of 6 Down train. The Sub-Inspector got in the train and at Pabbi Railway Station found the accused also entrained.

The accused was interrogated by the Sub-Inspector at Railway Station Jahangira but could not give any satisfactory explanation of his destination. All the booked crates of peas were unloaded from the train and when opened, 18 packets of charas wrapped with thongs, weighing 27 seers, were recovered from these crates. The accused was challaned to the court under the Prohibition Act.

(2) On 12th April, 1953 at 20.30 hours Head Constable Hidayat Ali No. 151 of the Government Railway Police while on platform duty at Railway Station Peshawar Cantonment detected a box booked from Peshawar Cantonment to Karachi, belonging to pensioner Head Constable Sardar Bahadur Khan, alleged to have contained some toilet articles. Officiating Assistant Sub-Inspector Mahmood Shah, Lines Officer, Railway Police, who was also present at the platform opened the box and recovered 12 seers of contraband opium from it.

The accused was arrested and after trial sentenced to undergo one year's rigorous imprisonment.

(3) The accused carrying a "holdall" on his shoulder at Railway station Khair Abad was searched on suspicion and 12 seers of charas recovered from the "holdall". The accused was convicted to one year's Rigorous Imprisonment.

(e) Action against 642 ticketless passengers was taken at the request of the Railway Authorities. They were prosecuted in the court by the Railway Police and a total sum of Rs. 2,292-8-6 was realized from them as fine.

(f) In his letter No. 1-G 50, dated 15th March, 1954, the General Manager, N. W. R., Lahore, has written to say that cordial relations continued to exist between the two Departments.

29. Administrative and other Changes.—

(1) One new police station and one new police post, namely, Dewal and Gujai were opened in the newly merged Gadun area of the Mardan District, during the year under report.

4. Kohat ..	..	..	7	..
5. Bannu ..	..	..	5	..
6. Dera Ismail Khan ..	..	..	5	..

Of the 49 Head Constables thus transferred 6 were promoted to the rank of Assistant Sub-Inspector, i. e. one Assistant Sub-Inspector in each district.

(7) One Foot Constable orderly to the Wireless Officer was sanctioned.

(8) A guard of 2 Head Constables and 20 Foot Constables required for the protection of Khushal Garh Bridge which was previously supplied by the Peshawar District was attached with the Kohat District. A corresponding decrease was consequently made in the strength of the Peshawar District and increase in the strength of the Kohat District.

30. Supervision.—

801 days were spent on tour by the Superintendents of Police and 1898 were spent on tour by other Gazetted Officers during 1953, as against 857 and 2023 days respecitvely in the previous year. Health.—The health of the Force was on the whole good, which was chiefly due to the regular use of paludrine tablets and mosquito nets.

Education.—463 officers and men can read and write Urdu and English.

Dera Ismail Khan	..	1,297	2	6
Total	..	10,529	8	6

Motor Transport has proved very useful in transporting Additional Police detachments to the disturbed areas, at short notices. Sometimes the lorries are used for the transportation of Regular Police and C. I. D. parties in connection with the visit of V. I. Ps. The vehicles are also used for road patrolling, etc.

Successes.—The successes achieved by the Additional Police and Special Police Levies are detailed in Appendix 'A.' 3 Proclaimed Offenders were arrested during the year under report. It will be noted from the details given in the Appendix 'A' that the Additional Police was successful in recovering a large number of illicit arms and ammunition, etc., during the year under report. They were also responsible for seizing 'MAZRI BAN CLOTH', etc., which were being smuggled in contravention of the Rules.

Buildings.—The Additional Police buildings maintained by the P. W. D., were re-transferred to the Additional Police in September, 1953. The post of Inspector Works was revived for this purpose. The condition of the Additional Police Buildings has considerably deteriorated and steps are being taken to put them in proper order. Only those buildings are being repaired which are required by the Additional Police. The rest will be either auctioned or demolished. Contractors have been appointed for the districts of Peshawar and Kohat. The Superintendents of Police, Mardan and Hazara have been instructed to expedite the appointment of contractors for their districts. The Provincial Government has been requested to allot a sum of Rs. 14,000 for the repairs of the Additional Police Buildings in Hazara, Mardan, Peshawar and Kohat. The repairs of the Buildings in Bannu and Dera Ismail Khan districts will be undertaken in the next financial year, commencing from 1st April, 1954.

The following buildings in the Gadun area have been taken over by the Superintendent of Police, Mardan, and for purposes of maintenance and repairs they have been brought on Additional Police books :—

1. Police Station, Dewal.
2. Police Post, Chanai.
3. Police Post, Gajjai.

They are reported to be in bad state of repairs and early steps are being taken to repair them.

Absorption of Additional Police Men in the Regular Police.—

In view of the satisfactory and loyal services performed by the Additional Police men during the last few years, it was decided to absorb suitable men of the Additional Police, into the Regular Police. Consequently 21 men have so far been absorbed during the year under report.

General.—The Additional Police continued to protect the different Vital Points in the Province. In the Southern Districts they carried out their usual duties of road protection. In the Hazara District, they remained employed in the newly annexed area of Upper Tanawal. They also guarded the property of the Nawab of Amb at different places in the district. The Additional Police assisted the Regular Police in the detection of crime and were responsible for the arrests of many offenders against the law. They also remained on special duty with the C. I. D.

SIND DETACHMENT.

This Contingent is posted in KARACHI for the protection of various Air-fields there, since 1943.

Strength.—

The strength of this Detachment comprises of 9½ platoons, withdrawn from various districts in the North-West Frontier Province. It is under charge of a Deputy Superintendent of Police, who is assisted by one Inspector, seconded from the Regular Police.

The platoons presently stand distributed as under :—

Station		Sanctioned	Actual.
Mauripur	..	6	5
Drigh Road	..	2	1½
Korangi Creek	..	1½	1½
Malir	..	..	1½
Total	..	9½	9½

Changes in the disposition of the platoons are carried out at the discretion of the Air Headquarters at Karcahi.

The office staff of the Deputy Superintendent of Police consists of one Sub-Inspector and 6 Head Constables. A portion of his office staff is attached to the Central Additional Police Office at Peshawar, and all financial transactions, transfers, and maintenance of service records are carried out by this branch.

Armament.—Each platoon is equipped with the following armament :—

Rifles .303 Factory-made	..	44
Ammunition .303 Service	..	50 rounds per rifles (2200).
V. L. Pistols	..	4
V. L. Cartridges	..	15 per Pistol (60).
Revolver .455 bore	..	1
Ammunition .455 bore	..	48 rounds.

All the rifles on charge of this Contingent are factory-made, which appears to be inconsistent with the dignity of this Force, stationed at the Federal Capital and attached to a very superior Force- R. P. A. F. It is, therefore, proposed to replace these rifles by Arsenal--made ones, as soon as conditions permit.

Punishment.—Six men were dismissed, and one was discharged, from the service and eighteen punished othrwise.

Rewards.—Rewards have been sanctioned in seven cases during the year, totalling Rs. 76.

Health.—The health of the men has generally been good throughout the year. Paludrine tablets were administered regularly to the men of the Force.

Transport.—There is no transport on charge with the Force and they have to draw on the R. P. A. F., whenever vehicles are required for transfer of platoons, etc. The system is "working" yet it cannot be classified as wholly satisfactory because the R. P. A. F. provide the necessary transport, subject to availability. The Deputy Superintendent of Police has suggested that the Contingent be provided with a small car, to enable the Supervisory Officers to visit various posts at odd occasions.

All the bicycles (27) on charge were very old, and consequently auctioned during the year under report, fetching a handsome amount of Rs. 1650 (42-9-6 each). In their place, 15 new bicycles were purchased.

Successes.—The successes achieved by the Force are given in Appendix 'D'.

Inspections.—The Deputy Superintendent of Police paid 118 visits to out-posts during the year under report, and spent 54 nights out of Headquarters. The Circle Inspector, Drigh Road, frequently visited the platoons in his circle.

Accommodation.—The report of the Deputy Superintendent of Police is reproduced belows :—

" Barrack accommodation has been provided at Korangi, Malir and at No. 6 Camp Mauripur. The remaining strength—almost 5 platoon is accommodated in tents.

Almost all the tents provided to us had become very old and could not weather the climatic inclemencies. The R. P. A. F. authorities were, therefore, moved and they have been able to change the tents at Drigh Road and some in the Mauripur Area. Regarding the remaining they have promised to replace as soon as the new supply is received. They are feeling some difficulty in this respect because tent is an Army item and the G. H. Q. have revised the per capita tent accommodation from 8 to 12 per tent, which has in turn reduced their sanctioned allotment.

Two of the three barracks in the H. Q. (Camp No. 6) are in a disgraceful state of repairs—the third one which was also in the same state was re-roofed towards the beginning of the year. The corrugated iron sheets roofing is so old that, besides a large number of holes at places large pieces have been blown off, thus rendering their effectiveness absolutely nagatory. The fact that the occupants are under these " roofs " does not make them immune from rain-showers, scorching heat or even from the dew. Since March 1953 when the question of repairs was first moved I have written a number of letters to the R. P. A. F. Authorities as also to the M. E. S. urging the necessity of the work with all the emphasis at my command but to absolutely no avail. In a D. O. letter to the Station Commander I had pointed out how deplorable it was to have 2 S. Is. 1 Assistant Sub-Inspector and 2 H. Cs. (Clerks) just shoved in what is called by the R. P. A. F. a 'Shed' and that, too, virtually without a roof, especially when viewed against the back-ground of 'status', as Government was paying each Sub-Inspector Rs. 230 p. m,. in addition to Free Rations, accommodation etc. The Station Commander immediately sent a "Postgram to the G. E. Mauripur, but inspite of reminders from the R. P. A. F., the M. E. S. have not budged an inch from their stand and appear to have relegated this matter to the limbo of dead issues. This lethargic attitude of the M. E. S. is simply not understood.

The position regarding family quarters at Mauripur is also far from satisfactory. In fact no family quarter has been given to this Force, and we are just putting up with improvised quarters and hutments. To crown all this, rented accommodation is almost unavailable, one of the Constables. who recently brought his family, had rented a house—if at all it can be called a house as it lacks every thing but a roof to live under—at Rs. 20 per mensem We, therefore, started construction of some Kacha quarters in the Mauripur, Technical Area, through our own labour and within a short span of one month, five quarters have been completed and the constables living in rented accommodation have shifted into them. This has provided considerable relief.

Sports.—The men play Voiley Ball and Foot Ball. Provisions have been made for indoor games. A Radio set has also been provided for the recreation of the men.

Our men once again proved their superiority of strength by winning the finals of the Tug of War.

Economy.—Measures were taken to control the miscellaneous expenditure and as a result thereof a saving of about Rs. 900 per annum, was effected.

Absorption of Additional Police men into the regular Police.—

In view of the satisfactory and loyal services performed by the Additional Police men during the last few years, it was decided to absorb suitable men of the Additional Police into the Regular Police. As a result of this decision, 8 men of the Karachi Additional Police were absorbed into the Regular Police, during the year under report.

Adult Education.—Adult education is being pursued with great zeal. Statistics show that tabout 75 per cent. of the men are literate. There are some " die-hards " who find it very difficult at their advanced age to learn anything.

General.—The duties entrusted to this Force are of an important nature, involving the security of the Air-fields. Our men have acquitted themselves very efficiently and diligently. The R. P. A. F. authorities seem to be fully satisfied with the working of this Contingent, as is evident from copies of letters reproduced below ;—

(a) From the R. P. A. F. Station, Malir Cantonment to Deputy Superintendent of Police Incharge, North-West Frontier Province Additional Police, Mauripur.

" No. 69 Sub-Inspector Zarwali Khan, North-West Frontier Province Police has been attached to this Station as Officer incharge No. 7—Peshawar Platoon since July, 1952.

During this period it has been observed that the turn-out, discipline and deportment of his Platoon has been above average.

By his exemplary turn-out and discipline he has shown qualities of determined character and leadership and loyalty to service. He works energetically and successfully for the good of his juniors and by observing enough exercise keeps his men fit for all arduous duties. He takes considerable interest to maintain sound social living, feeding, training and working conditions for his juniors, which they admire and respect.

(b) From the Commissioner of Police, Baluchistan States Union, Kalat, to the Deputy Superintendent of Police Incharge North-West Frontier Province Additional Police, Mauripur——.

"11th February, 1953 during my tour of Jewani, I had an occasion to see and inspect the guards of North-West Frontier Province Additional Police, posted at Jewani Air--port. The Officer and guards were as clean as could be. Their turn-out on parade was very clean and smart.

The Liaison Officer of Air-port spoke highly of them. I was very much impressed with the discipline of the Sub-Inspector in charge of the Contingent.

(c) From the Officer Commanding, R. P. A. F., Apprentices School, Korangi Creek, to the Deputy Superintendent of Police Incharge North-West Frontier Province Additional Police, R. P. A. F. Station, Mauripur.

" Platoon No. 10-Dera Ismail Khan which was stationed here for a considerable period, discharged their duties very efficiently. Guards turn-out given by them was always impressive and commended by V. I. Ps.

Sub-Inspector Niaz Ali was very smart, co-operative and obedient. He carried out his duties to our best satisfaction".

Wireless Section.—The report of the Police Wireless Officer is detailed below :—

1. *Personnel.*—

The entire Police Wireless set up of the North-West Frontier Province Police was controlled by Major M. Aslam Chaudhari, P. Signals, throughout the whole year.

(a) *Foreman of Signals.* Mr. Ghulam Ahmad was dismissed on 1st August, 1953. Since then these duties were performed by POLICE WIRELESS OFFICER in addition to his own duties.

(b) *Workshop trades and operating staff.* The present position of Workshop trades is as under :—

Trade		P	Held	Remarks
R. M.	..	4	2	More are not forth coming due to low pay as compared with other Departments.
Electrician	..	1	..	More are not forthcoming due to low pay as compared with other Departments.
Fitter	..	1	1	Ditto Ditto.
Tin smith	..	1	1	
Turner	..	1	1	
Carpenter	..	1	1	
W. T. Oprs.	..	33	32	One undergoing trial in a civil court.
Total	..	42	38	

There are six Assistant Sub-Inspectors working as Incharge W T Stations at District Headquarters in the Province.

General.—The Section was made permanent in June, 1953 but in spite of this considerable difficulty is being experienced in getting the properly qualified people at the rates of pay which are being offered by us. Most of the equipment has been in continuous use since 1945 and is so worn out that it is becoming slightly unreliable. A case is being put up to the Government for purchase of new equipment.

The Wireless Section of the Police has been made permanent, without providing for a permanent Police Wireless Officer.

2. *Equipment.*—(a) Wireless Sets (Low Power). There are 10 Wireless Sets in use. 8 are awaiting spare parts. Some spare valves for these sets have to be purchased locally. Other parts are not available in the Market. These sets are not expected to last very long in spite of our best efforts on their repairs.

(b) Out of the 14 sets B--11 Parachute drop which were piled up in the Junk as beyond repairs (4 brought to working condition in 1952) 4 more were picked out and brought to working condition.

(c) 6 other naval sets picked up from the same Junk during the years 1952-53 were overhauled and re-equipped and are in use on the net. There are about 8 more sets which can be repaired to benefit but the cost of spares will be some where in the vicinity of Rs. 4,000. List of spare parts and componants have been sent to a firm in U. S. A. . In case spare parts arrive equipment worth Rs. 50,000 will be put in working order.

(d) Two more F. S. 6 sets were also picked up from the Junk in 1952 and are still in use.

(e) By liaison with Superintendent of Police Technical Punjab we were able to get 6 type II sets on no cost in 1952. They are in use and are very handy as stand-by equipment.

(f) 2 high power transmitters (SCR 399), which are completely worn out are in use since 1945. They are very unreliable and are likely to break down any time.

Generally speaking all these sets require replacement. Their maintenance is being carried out on beg, borrow and steal basis.

(g) Receivers. We are holding two receivers— R I O 7 in use since 1945 and 4 G E Receivers 4000 in use since 1948. These are all in working condition.

(h) One High Power transmitter was made in the workshop, parts being picked up from the junk store and this has been installed in the stand by wireless stations.

General Remarks.—These sets were inspected by Pakistan Signal Corps representatives and were declared unreliable and practically below efficiency in November, 1952.

3. *Testing Equipment.*—There are no precise measuring instruments which are so necessary in an up-to-date workshop. The job in hand is being done under most difficult circumstances.

4. *Charging Equipment.*—(a) *Petrol Driven Engines.*—Spare parts worth £ 474 have arrived after a lengthy correspondence, with a firm in U. S. A. Out of 25 Battery Charging Patrol Engines (previously declared scrap) three have been put in working order so far.

(b) *Battery Charging Boards.*—D. C. Charging boards were improvised by the workshop for Dera Ismail Khan and Bannu. This work was done cheaply but is very effective.

(c) *Charging Plant for Battery Charging.*—Charging plants were designed and equipped in this workshop. They are now made available to Mardan, Kohat, Hangu and Abbottabad and are giving good service. It is interesting to know that

only at Batagram and Deval Petrol driven engines are used for Battery Charging. For the rest of the Stations the available A/C or D/C current from the mains is utilized for charging of batteries. The consumption of petrol for the year 1951-52-53, for all the stations is tabulated below :—

Year.		Petrol Consumed.
1951	..	450 Gln's.
1952	..	259 ,,
1953	..	62 ,,

(d) *Batteries.*—The stock of new batteries was completely exhausted in December, 1951 as none were purchased since 1945. Batteries were sent to Rawalpindi Arsenal for repairs and great loss of time and expenditure was incurred.

During the year 1952-53, 60 old batteries out of the lot were made serviceable in the workshop. But this cannot last very long, after being in use for the last 9 years.

14 Batteries were recovered from Lahore through Superintendent of Police Technical after a lengthy correspondence by self efforts. These were loaned in 1946.

Beside our own repairs and battery charging 40 Old Batteries of Additional Police W. T. Section were charged by this Department. We are now in a position to undertake the charging of any number of batteries.

(e) *Distilled Water.*—Prior to my take over distilled water was locally purchased by H. Q. and outstations at the cost of annas 10 per bottle, but during the year our distilling water plant produced 300 bottles.

5. *Workshop.*—The workshop has been reorganised on a better footing. Various alterations were carried out. The Technicians are short of both the tools, materials and spare parts. There are no precise measuring Electronic instruments so necessary in an up-to-date workshop. It is interesting to note that since last 9 years no new equipment has been purchased.

6. *Improvment of Wireless Station.*—The following Police Wireless Stations were reinstalled and reorganized on permanent footing and are now effective Wireless Stations :—

1. Peshawar.
2. Dera Ismail Khan.
3. Abbottabad.
4. Batagram.
5. Stand by Wireless Station.
   (for emergency use run independently by batteries at H. Q. Peshawar).
6. Separate W/T Station for night working.

7. *Communication.*—Wireless communication exists between the stations as below :—

(a) Inter District connections includes Hangu, Batgram and Dewal (Tehsil Swabi District Mardan) newly marged Gadun T. T.

(b) Mobile Units.—The stand by sets Detts at District H. Qs. are used as portable Mobile Detts by S. S. P., S. Ps. and D. Cs. whenever necessary. These sets have proved very useful and efficient at the time of emergency.

(c) Inter Provinces link.—Punjab-Sind, Baluchistan and North-West Frontier Province are linked up. We can take traffic of all Districts of Punjab

(even up to Tehsil as in the Punjab there are sets even in Tehsils). This link has been very useful for passing Police messages and specially security messages during official tours.

(d) Abbottabad—Oghi Fort Link.

(e) Dera Ismail Khan—Drazinda Link.

(f) Two new links from H. Q. Peshawar were opened up with Punjab during the year 1953.

(i) Peshawar—Attock Range.

(ii) Peshawar —Rawalpindi Range.

These links are addition stand by on low power sets used by us for passing traffic to adjacent Districts in the Punjab.

It might be noted that the Police Wireless link with newly merged Trible Territory of Gadun and Batagram in Hazara District is the only way of communication as there are no Post and Telegraph lines. Abbottabad-Batagram communication was made Radio Telephone. Police Wireless work from these two places can also cater for civilians telegrams too on payment basis, if arrangements are made with P & T Department to license these offices.

8. *Traffic.*—All Departments of North-West Frontier Province are making full use of Police Wireless System, and it is generally agreed that the messages sent over the Police Wireless net are received much quicker and accurately than the Civil System. The intake of traffic was reduced considerably as lengthly and non-priority messages are not accepted under the order of the Insepector-General of Police. Total Revenue saved during the year at P & T rates (less priority fee and late charges) amount Rs. 77,601-14-0. Private messages are not accepted and full facilities are accorded to all the Heads of 35 Departments.

Liaison.—All round good relations are maintained in respect of communications with other sister units i. e. 9 (F) Division Sig. Regt.—1 Corps Sig. Regt, Air Formation Sig Coy; Air Support Sig Coy;, Frontier Constabulary, Frontier Corps, 100 Bde. Sig. Coy;, R. P. A. F. etc., for close co-operation and help. I am thankful to Mr. J. L. Taylor, S. P. (T) Punjab and Brigadier Muhammad Zaman Khan Signal Officer-in-Chief Pak Army for valuable assistance in the performance of my duties.

Morale.—The morale of the Section Personnel has gone up since they have been absorbed in the Regular Police Force with effect from 1st June, 1953.

44. Concluding Remarks.—

As already remarked in the beginning of this report this Province faced an economical crisis during the year resulting in the rise in crime. This added to the onerous duties of the Police, all ranks of which faced their heavy responsibilities cheerfully and with increased energy and vigour and were successful in keeping the rising tide of crime under control, and within a reasonable limit. It was due to their vigilance that the Anti-Ahmadiya Movement, which had devastating effects in several cities of the Punjab, did not flare up in this Province. Besides performing their normal duties the Police extended a helping hand in the distribution of food grains to the poor public, plantation of trees etc., etc.

As usual the gazetted officers have been taking a personal interest in the investigation of more serious crime and touring their illaqas extensively, inspecting police stations and Post and visiting a large number of villages. Thus in addition to performing their supervisory duties effectively they came into contact with the rural public at large and were prompt in taking notice of their requirements.

All ranks worked exceedingly well during the year and it is difficult to single out any individual for special mention. I am, however, indebted to Nawabzada Muhammad Farid Khan, the Deputy Inspector-Genreral of Police for his assistance. His inspections of districts and the Additional Police have undoubtedly done much to improve the efficiency of the Force.

The following Gazetted Officers held charge of their various offices most efficiently :—
